OLD BUSINESS

September 7th Community Firewise Program was presented to the town committee by Bardon Smith and Keeney London. Moving forward, a public presentation is being planned at the Community Center. Vera will work with Barden on setting up the program.

September 24th Jen Minervino presented the information on the senior Sherriff Safety Program. CERT voted to continue running these programs for our residents. It was decided to change the program name to Community Safety Program, so not to limit the participants to one particular group.

Safety coats for the volunteers were discussed, volunteers were able to try on the coats and agreed on one style to fit all.

September 20th a request was sent to our OEM for approval to run the CERT Basic Training Course. Approved by OEM on September 24th during our meeting.
