Overview

All affordable units are required to be affirmatively marketed using the Township of Stillwater's Affirmative Marketing Plan. An Affirmative Marketing Plan is a regional marketing strategy designed to attract households of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age, or number of children to housing units which are being marketed by an Administrative Agent or a developer, sponsor, owner or property manager of affordable housing. The primary objectives of an Affirmative Marketing Plan are to target households who are least likely to apply for affordable housing, and to target households throughout the entire housing region in which the units are located.

The Township of Stillwater provides this Affirmative Marketing Plan for any affordable housing within the Township. Individual projects may develop their own affirmative marketing plan in compliance with this plan.

Every Affirmative Marketing Plan must include all of the following:

1. Publication of at least one (1) advertisement in a newspaper of general circulation within the housing region;
2. Broadcast of at least one (1) advertisement by radio or television throughout the housing region; and,
3. At least one (1) additional regional marketing strategy such as a neighborhood newspaper, religious publication, organizational newsletter, advertisement(s) with major employer(s), or notification through community and regional organizations such as non-profit, religious and civic organizations.

For each affordable housing opportunity within the Township, the Affirmative Marketing Plan must include the following information:

1. The address of the project and development name, if any;
2. The number of rental units;
3. The price ranges of the rental units;
4. The name and contact information of the Municipal Housing Liaison, Administrative Agent, property manager, or landlord;
5. A description of the Random Selection method that will be used to select applicants for affordable housing; and,
6. Disclosure of required application fees, if any.

Advertisements must contain the following information for each affordable housing opportunity:

1. Location of the units;
2. Directions to the units;
3. Range of prices for the units;
4. Size, as measured in bedrooms, of units;

5. The maximum income permitted to qualify for the housing units;
6. The locations of applications for the housing units;
7. The business hours when interested households may obtain an application for a housing unit; and
8. Application fees, if any.

Regional Preference

The Township of Stillwater has provided that households that live or work in Housing Region #1 (comprised of Bergen, Hudson, Passaic and Sussex Counties) shall be selected for an affordable housing unit before households from outside of this region. The Affirmative Marketing Plan shall provide a regional preference for very low-, low- and moderate-income households that live and/or work in Housing Region #1, comprised of Bergen, Hudson, Passaic and Sussex counties. Pursuant to the New Jersey Fair Housing Act (C.52:27D-311), a preference for very low-, low- and moderate-income veterans duly qualified under N.J.A.C. 54:4-8.10 may also be exercised, provided an agreement to this effect has been executed between the developer or landlord and the municipality prior to the affirmative marketing of the units.

The Administrative Agent shall administer the Affirmative Marketing Plan. The Administrative Agent has the responsibility to income qualify very low-, low- and moderate-income households; to place income-eligible households in very low-, low- and moderate-income units upon initial occupancy; to provide for the initial occupancy of very low, low and moderate income units with income qualified households; to continue to qualify households for re-occupancy of units as they become vacant during the period of affordability controls; to assist with outreach to very low-, low- and moderate-income households; and to enforce the terms of the deed restriction and mortgage loan, as per N.J.A.C. 5:80-26-1, et. seq.

In addition, it shall be the responsibility of the Administrative Agent to inform owners of affordable units and prospective occupants of affordable units of the Borough's affordability assistance programs and to assist with the implementation of such programs.

All developers/owners of very low-, low- and moderate-income housing units shall be required to undertake and pay the costs of the marketing of the affordable units in their respective developments, subject to the direction and supervision of the Administrative Agent.

The implementation of the Affirmative Marketing Plan for a development that includes affordable housing shall commence at least one hundred twenty (120) calendar days before the issuance of either a temporary or permanent certificate of occupancy. The implementation of the Affirmative Marketing Plan shall continue until all very low-, low- and moderate-income housing units are initially occupied and thereafter upon the re-sale or re-rental of an affordable unit for as long as an affordable unit remains deed restricted.

The Administrative Agent shall provide the Affordable Housing Liaison with the information required to comply with monitoring and reporting requirements pursuant to the Borough's adopted Affordable Housing Ordinance.

An applicant pool will be maintained by the Administrative Agent for re-rentals.

1. When a re-rental affordable unit becomes available Administrative Agent will select applicants from the applicant pool and, if necessary, the unit will be affirmatively marketed as described above. These homes are in accordance with State requirements for low- and moderate-income housing.

Random Selection & Applicant Pool(s)

The following is a description of the random selection method that will be used to select occupants for low- and moderate-income housing:

There will be a period in which to complete and submit applications. Households that have completed applications in that timeframe and have been determined that they are income eligible will be randomly selected to establish an order (service list) in which they will be evaluated by the Administrative Agent for the available unit(s). A copy of the first page of the applications will be folded and placed in a container of sufficient size to allow the applications to be randomly mixed. Once mixed, all applications will be drawn one by one from the container until none are left. The first application drawn will be the first position on the service list, and so on.

At least two (2) people will be present during a random selection and both will sign the resulting service list as having participated and/or witnessed the random selection. Once the applicant is placed on the service list, they shall remain in that position until they are served or asked to be withdrawn from the list. Applicants on the service list shall not be a part of any future random selections. If the household on the list is not of an appropriate household size, income or does not live or work in the Housing Region, that applicant will be skipped and the next applicant household with sufficient income will be evaluated for the available unit. This will continue until a properly sized household with sufficient income or purchase or rent the unit is reached.

The applicant household will be required to submit a complete application to establish their eligibility as defined by the Fair Housing Act. If the end of the service list is reached before an appropriately-sized household that lives or works in the New Jersey Housing Region is identified the Administrative Agent will review skipped households in the order of the random selection. Households that live or work in the Housing Region that are smaller than the ideal household size, as defined by the Township's Affordable Housing Ordinance, will be considered next.

Any applicants that are skipped for size, income or regional preference will remain on the list and continue to be considered for future restricted units in the order in which they were selected in the random selection.

Unless applicants ask to be removed from the list or become ineligible for assistance, or are unresponsive to our communications, they will remain on the service list. Therefore, these applicants will not need to be in future random selections. Instead, the service order created by future random selections will be placed at the end of the service list set by all prior random selections.

If there are sufficient names remaining on the service list to fill two (2) years of resales and rentals, the applicant pool may be closed by the Administrative Agent. The Administrative Agent will notify the Township in writing if it intends to close the waiting list. Any households calling or writing to express their interest in an affordable home will be directed to call back on a future date determined by the Administrative Agent. When the applicant pool is being depleted to a point where there is not a sufficient number of people to fill two (2) years of re-sales or rentals, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The service list established by subsequent random selection shall be added to the end of the previous service list.

Initial Randomization

Applicants are selected at random before income-eligibility is determined, regardless of household size or desired number of bedrooms. The process is as follows:

1. After advertising is implemented, applications are accepted for one hundred twenty (120) calendar days.
2. At the end of the period, sealed applications are selected one-by-one through a lottery (unless fewer applications are received than the number of available units, then all eligible households will be placed in a unit).
3. Households are informed of the date, time and location of the lottery and invited to attend.
4. An applicant pool is created by listing applicants in the order selected.
5. Applications are reviewed for income-eligibility.
6. Ineligible households are informed that they are being removed from the applicant pool or given the opportunity to correct and/or update income and household information.
7. Eligible households are matched to available units based upon the number of bedrooms needed (and any other special requirements, such as [regional preference or] the need for an accessible unit).
8. If there are sufficient names remaining in the pool to fill future re-rental, the applicant pool shall be closed.
9. When the applicant pool is close to being depleted, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The new applicant pool will be added to the remaining list of applicants.

Randomization After Certification

Random selection is conducted when a unit is available, and only certified households seeking the type and bedroom size of the available unit are placed in the lottery. The process is as follows:

1. After advertising is implemented, applications are accepted for one hundred twenty (120) calendar days.
2. All applications are reviewed and households are either certified or informed of non-eligibility. (The certification is valid for one hundred eighty (180) calendar days and may be renewed by updating income-verification information.)
3. Eligible households are placed in applicant pools based upon the number of bedrooms needed (and any other special requirements, such as regional preference or the need for an accessible unit)
4. When a unit is available, only the certified households in need of that type of unit are selected for a lottery.
5. Households are informed of the date, time and location of the lottery and invited to attend.

6. After the lottery is conducted, the first household selected is given three (3) calendar days to express interest or disinterest in the unit. (If the first household is not interested in the unit, this process continues until a certified household selects the unit.)
7. Applications are accepted on an ongoing basis, certified households are added to the pool for the appropriate household income and size categories, and advertising and outreach is ongoing, according to the Affirmative Marketing Plan.

Matching Households to Available Units

1. In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the Administrative Agent shall strive to implement the following policies:
 - a. Maximum of two (2) person per bedroom;
 - b. Children of same sex in same bedroom;
 - c. Unrelated adults or persons of the opposite sex other than husband and wife in separate bedrooms;
 - d. Children not in same bedroom with parents;
 - e. Provide an occupant for each unit bedroom;
 - f. Provide children of different sex with separate bedrooms;
 - g. Require that all the bedrooms be used as bedrooms; and,
 - h. Require that a couple requesting a two-bedroom unit provide a doctor's note justifying such request.

In no case shall a household be referred to an affordable housing unit that provides for more than one additional bedroom per household occupancy as stated in the policies above.

The Administrative Agent cannot require an applicant household to take an affordable unit with a greater number of bedrooms, as long as overcrowding is not a factor.

A household can be eligible for more than one unit category, and should be placed in the applicant pool for all categories for which it is eligible.
